Mechanical mixer

Product description

Single lever washbasin mixer made of brass.

Intended use

Single lever washbasin mixer with the intended use for hot and cold tap water.

Scope

ARM 071, ARM 081, ART 071, ART 081, ART 082, BI 069, BI 071, EVO 071, EVO 078, EVM 071, EVM 072, EVM 082, LES 071, LIN 071, LIN 081, RIN 071, RIN 081, SK 071, VIC 071 and VIC 081.

Approval

The products meet the requirements of Chapter 8, Section 4, of the “Planning and Building Act” (PBA) regarding the technical characteristics of construction works, hygiene, health and environment, plan and building regulations, Planning and Building Ordinance (PBO) Chapter 4, Sections 12 and 13 and provided that what is stated in this approval is followed.

The products are approved in accordance with the following sections of Boverket's regulations regarding protection for hygiene, health and environment, as well as the management of water and waste (BFS 2024:8):

General

Water- and waste-water installation

Chapter 1, Sections 6-7

Chapter 8, Sections 1, 3-5 & 8

The regulations in Chapter 8, Section 13 shall always be taken into account during installation.

Marking

Marking must be affixed to the product or, if there are special reasons, to the packaging or the delivery note. Marking shall indicate the following information:

Holder:

Product name, and relevant article number:

Production site:

Control

The manufacturer's continuous self-monitoring is combined with surveillance carried out by an independent Inspection Body.

Inspection Body: **RISE AB**

Control Agreement: **210-21-0089, dated 2023-09-01**

Manufacturing control shall be carried out in accordance with the current inspection instructions.

During inspection at the construction site, the building proprietor shall verify the product's identity using the labelling. Furthermore, the building proprietor shall ensure that the correct products have been delivered and that they are installed in accordance with the manufacturer's instructions in the associated documents. It shall also be verified that the product is accompanied by a manufacturer's declaration certifying that the manufacturing has been carried out in accordance with the documents that formed the basis for this type approval.

The validity of the type approval also requires that manufacturing control is carried out according to approved inspection instructions and that the products annually meet the requirements of this approval. The holder shall annually, no later than December 15, report to Kiwa Certification AB at se.annualreporting@kiwa.com with a copy of the continuous surveillance control, performed by the accredited Inspection Body.
